Armored Penguin Cipher Tool

BASICS

Armored Penguin Cipher Tool is a free online generator for classic ciphers (Caesar, Vigenère, substitution). It is ideal for creating coded messages, secret clues, and encryption-based puzzles for escape games.

URL / Access: <https://www.armoredpenguin.com/cipher/>

Primary puzzle types:

- Caesar cipher
- Vigenère cipher
- Number-to-letter cipher
- Letter-substitution
- Cryptograms
- Other: Letter scrambles, reverse text

SUPPORT & ALTERNATIVES

Docs/tutorials: Basic explanations included on each cipher page.

Community/forum: No dedicated community; external tutorials on classical ciphers can be used as support.

HOW TO USE IT

1

STEP 1: Choose a cipher type

Select the desired cipher from the list (e.g., Caesar, Simple Substitution).

2

STEP 2: Enter your message

Type the text you want to encode (clue, answer, hidden message).

3

STEP 3: Configure cipher settings

Adjust key, shift number, or substitution pattern depending on the cipher.

4

STEP 4: Generate the cipher

Click "Create Cipher" to display the encoded message.

5

STEP 5: Download or copy

Save as PDF, print, or copy the encoded text to paste into your escape game.

ADDITIONAL INFORMATION

Multilingual support: Works with most languages using the Latin alphabet. Interface available only in English.

Technical requirements: Runs on any browser on computers, tablets, and smartphones. Requires internet for generation.

Does it work offline? No

Adaptations for SLD users: Clear layouts and adjustable text allow simplified decoding activities.

Cost and access:

- **Price:** Free
- **Free plan limits:** None
- **Account required?** No
