## HOW TO USE IT

1

### STEP 1: Search for a visual

Use the search bar to look for icons related to your escape game theme (e.g. key, lock, door, map, treasure).

2

### STEP 2: Filter by licence

Check the licence information (CC0, MIT, etc.) to ensure the icon can be reused in your escape game project. Look for CC0 (Public Domain), which doesn't need attribution ; or CC-BY or CC-BY-SA, which you can use but with attribution.

3

### STEP 3: Download the SVG file

Download the icon in SVG format for easy resizing and editing.

4

### STEP 4: Customise if needed

Edit colours or size using design tools (Canva, Inkscape, Illustrator) or insert directly into slides or printable materials.

5

### STEP 5: Integrate into the escape game

Use the icons as visual clues, puzzle elements, printable cards, or digital interfaces.
